**To:** Health Services Union  
**Cc:** Smith, Patrick (HEALTH); Ginis, Vicki (CNAHS-MHS)  
**Subject:** Medical Imaging Central Classification Panel

Jorge,

Further to our discussion this afternoon in relation to the Medical Imaging Central Classification Panel, I can advise the following:

For information regarding specific health units' submissions, it is appropriate that consultation with employees and their representatives should be sought from the relevant health unit/region in the first instance.

However, in response to your request today Panel members have advised the following in relation to the Panel's considerations:

- finalising submissions received from Country Health SA;
- aiming to finalise the submission received by the Repatriation General Hospital by end this week;
- have committed to a 13 May 2008 deadline for the finalisation of FMC submission.
- Has yet to receive a submission from TQEH.

I am advised that extensive work is being undertaken by Central Northern Adelaide Health Service (CNAHS) to submit a regional business case. In the interim, Workforce Development has facilitated liaison between yourself and the Strategic Manager, Operations, CNAHS to discuss any further concerns regarding CNAHS submissions.

While representatives from the department will not be addressing the HSU meeting on 8 May 2008, officers from Workforce Development are available to meet with you for further consultation regarding the status of the review and the composition of the Panel. To arrange a meeting at a mutually convenient time please contact this office.

A formal response to your correspondence of 17 April and 1 May will follow.

Please give either Patrick Smith or myself a call to discuss further.

**Aaron Witthoeft**
